TRAGEDY

Wind and storms  
Gone's the sun the sun  
From the stars  
My dark has come  
You've gone from me  
Oh oh tragedy Oh oh

Oh come back  
Have me here  
Hold me love  
Be sincere  
You've gone from me  
Oh oh, tragedy

Like smoke  
From a pyre  
Of love, oh oh  
Our dreams  
Have all gone  
Of love, oh oh

Blown by winds  
Kissed by snow  
All that's left  
Is the dark below  
You've gone from me  
Oh oh, tragedy  
Oh oh oh, tragedy
