It's a big job just getting by with nine kids and a wife  
Jerry Lee's been a workin' man dang near all his life  
And I'll keep working long as these two hands are fit to  
use

I'll drink my beer in a tavern  
Sing a little bit of them working man blues, yeah

Well, I keep my nose on the grindstone, I work hard  
every day  
I might get a little drunk on the weekend after I draw  
my pay  
I'll go back working long as these two hands are fit to  
use  
I'll drink my whiskey at evening  
Sing a little bit of them working man blues

Sometimes I think about leaving, I do a little bumming  
around  
I wanna throw my bills out the window catch a train to  
another town  
I go back working, I gotta buy my kids a brand new pair  
of shoes  
And I drink my whiskey in a tavern  
Cry a little bit of them a working man blues

I drink a little beer in a tavern  
Sing a little bit of them a working man blues

Yeah, drink my beer in a tavern  
Cry a little bit of them a working man blues
