Taking in consideration honey all that we've been  
through  
A thousand gossip touted tongues can't stop my loving  
you  
You broke the chains of misery that had me tightly  
bound  
Yes you helped me up when the world let me down  
You helped me up and stood by me everyway our luck  
was down  
My party friends from the party days no longer were  
around  
You saw in me a quality that no one else has found  
Yes you helped me up when the world let me down  
[ piano ]  
You helped me up and stood by me everyway our luck  
was down  
Through your eyes you saw a king and the world saw  
only a clown (yes they did)

My problems all were solved the day your sweet love  
Jerry found  
Yes you helped me up when the world let me down  
You helped me up when the world let me down (that's  
right baby)
