You're the only star in my blue heaven
And you're shining just for me
Well, you're the only star in my blue heaven
And in dreams your face I see

You're the guiding light that brightens up the night
And in dreams I see you only
You're the only star in my blue heaven
And I'm waiting just for you

Well, just for you, honey, just for you
Yes, I'm waiting, celebrating for you
You're the only star in my blue heaven
And I'm waiting just for you

Well, for you, honey, just for you
Yes, I'm waiting, celebrating just for you
You're the only star in my blue heaven
And I'm waiting just for you
