Remember , I will still be here
As long as you hold me
In your memory.

Remember, when your dreams have ended
Time can be transcended
Just remember me

I am the one star that keeps burning so brightly
It is the last light to fade into the rising Sun

I'm with you whenever you tell my story
for all of I've done

Remember,I will still be here as long as you hold me in
ur memory
remember me

I am the warm voice in the cold wind that whispers
and if you listen you will hear me come across the sky

As long as I still can reach out and touch you
Then I will never die

Remember, I'll never leave you
If you will only remember me

Remember, I will still be here
as long as you hold me
In your memory
Remember,when ur dream have ended
Time can be transcended
I live forever
Remember me
