I'm almost crazy almost crazy
Couldn't go to sleep last night walked the floor until the
daylight
Thinkin' how it used to be when you were here with me
And honey I'll live with your memory till I'm almost
crazy almost crazy
I've paid a million times for the way I've been so blind
Cause everytime I think of you my heart wants to break
in two
And I'm no notning nothing but the blues till I'm almost
crazy hmm
I thought I didn't need your love to share hmm
I had to lose you to find out how much I care now I'm
almost crazy almost crazy
I see the fool I've been and if I'd get you back again

Well I'm gonna prove to you that my love is really true
Cause honey I've cried and cried for you till I'm almost
crazy almost crazy
I'm almost crazy
