I know there's a lotta talk going around today
About cigarette smoking whittling your life away
I've seen it and I've heard it so many times
That finally it just started to prey on my mind
I guess it scared me a little bit
That's why I decided I was gonna quit
So while I was sitting here forming my battle plan
I took another puff and turned on the fan
I just sat there in my easy chair
And thought of all the money I'd wasted on cigarettes
all these years
I thought how I'd spend the rest of my days
After I kick this habit my body craves
Said to myself this ain't gonna be so tough
With that little bit of assurance
I took another puff

I took a puff, a puff, then I ripped off another puff
I decided I'd about had about enough
That breaking this habit won't be too tough

Now I've give a lot of thought to this thing
If I didn't smoke cigarettes I'd feel just like a king
Besides with the price going up every day
I knew I was just throwing all my good money away
You know I ain't lit one in an hour or so?
Just wanted to make sure I could quit you know
I was thinking maybe I oughta write all this down
Put it in a song kinda circulate it around
Can't ever tell it might make a hit
And that redneck Hall did a little bit
Can you imagine me a hit songwriter!
Now where's... where'd I put that cigarette lighter?
After all it's a habit and a habit you can break
Just a little bit of willpower son that's all it takes
I said to myself you got to be tough!
And with that little bit of wisdom
I took another puff

I took a puff, and then a puff, then I finally ripped off
another puff
And I decided boy this ain't gonna be tough

Besides I'd just about had enough
I'm about ready to quit this rotten habit anyway

Oh I think they ought to take it offa television
It looks too good! Ow!
I like them skinny ones with the filter
Oh give it to me! Give it to me!
Cigarettes... I say if I quit smoking what'll I do?
Maybe I'll eat
Yeah I'll eat cigarettes
Ahh, I love it I love it I love it I love it I love it I love it
Chester B don't smoke, he smokes logs!
Makes you laugh funny too
Oh my throat's scratchin', oh
I wish I could think of something bad to say about
cigarettes
Boo on cigarettes, don't smoke don't smoke don't
smoke
You quit smoking that'll leave more for me!
I love it I love it, no I don't love cigarettes ya know
Don't misunderstand me I hate cigarettes
Makes ya cough, and when ya don't smoke it makes ya
shake
I don't know what's worse, the shake or the cough
I think I'll make me a coughshake, oh!
Son did you ever smoke?
Oh I remember one time I quit smoking
I quit for three months
My wife left me
So did my children
She took my house and left
It was a mobile home
