SUMMERTIME IN VENICE (Key of Ab)

I dream of the summertime,
Of Venice and the summertime.

I see the cafes, the sunlit days
With you, my love.

The antique shop where we'd stop
For a souvenir.

The bridge, the boats below,
The blue above.

*I dream all the winter long,
Of violins that played our song.
The dream is so real I almost feel
Your lips on mine.

And though I know we have to be
An ocean apart,
There's Venice and you, and summertime
Deep in my heart.

(Repeat from *.)
