"Dance With You"

I can't believe that years past...
Seems like yesterday was that day...
I wanna dance with you (forever)...

This is the time to dance,
If you want to dance,
Cause nothing lasts forever.

This could be your last chance,
Could we take a chance?
Wanna dance with you forever.

Take my breath away
Everytime you say:
Will you dance with me?
I can't say no.

Take my breath away,
Every night and day,
When you dance with me,
I wont let go.
