In the misty moonlight
By the flickering firelight
Any place is all right
Long as I'm with you (as long as I'm with you-oooh)

In a far-away land
On the tropic sea sand
If your hand's in my hand
I won't be blue

Way up on the mountain
Or way down in the va-a-alley
I know I'll be happy
Anyplace, anywhere, I don't care

CHORUS

In the misty moonlight
By the flickering firelight
Any place is all right
Long as you are there

SPOKEN: I could be happy in one little room with only a table and chair. As happy as I'd be in a kingdom by the sea, darling, if you were there. And I could be rich or I could be poor.. but if you were by my side, I could be any place in this whole wide world?and I know I'd be satisfied.

Way up on the mountain
Or way down in the va-a-alley
I know I'll be happy
Anyplace, anywhere, I don't care

CHORUS X 3 with FADE on final
