Tear us down.

Welcome destruction with open arms.
It's all to static, bring it on, bring it on.
Routine's so boring it makes me scream.
Tear us down, just tear us down.
When fate just pushes us along.
Children of nothing, this is our song.

Hail destroyer, Hail destroyer, Hail destroyer.
We're rising up from ashes.

Erase the comfort, erase the crutch,
When given nothing we appreciate so much.
A wake up call, you want to just scream.
Tear us down, just tear us down.
On our own terms of right and wrong.
Children of nothing, this is our song.

Hail destroyer, Hail destroyer, Hail destroyer.
We're rising up from ashes.

Hail destroyer, hail destroyer, hail destroyer.
Our lives begin when we fall down.

Keep me incomplete,
Keep it corroded the rust, the dust.
Keep me incomplete,
All sense of order can self destruct.
Keep me incomplete,
Reduced to rubble and time to shine.
Keep me incomplete,
Tear us down and carry on.
Children of nothing, this is our song.

Hail destroyer, Hail destroyer, Hail destroyer.
We're rising up from ashes.

Hail destroyer, Hail destroyer, Hail destroyer.
Our lives begin when we fall down.
