Starving - like a pack of wolves in the city  
We'll chase our future down the barrel of a gun  
To what end?  
Haunted - by the siren song of the concrete

Never ending travel  
One mile at a time is our lives

No more dead time  
Look outside, look outside, dream me away  
No more dead time  
Cast aside, cast aside, throw me away

Slaughtered - countless hours in a lifetime  
We'll mourn these minutes left in unmarked graves,  
respect paid  
Charging - through the forest of steel trees and asphalt  
No rest for the wicked, no breaks in the chain  
Let's ride

No more dead time  
Look outside, look outside, dream me away  
No more dead time  
Cast aside, cast aside, throw me away

The greatest thing you've ever done, is made yourself  
truely happy  
Not doing it for anyone  
It's your life to live as you choose

The greatest thing you've ever done  
And the greatest thing you've ever done  
Lived your life and never felt regret  
Lived your life, not quitting yet  
Without a set of goals, where no agenda lies  
Just a followed heart and don't apologize  
It's the greatest thing when you realize

Haunted - at the thought of another day wasted  
When love is never lost, no matter at what cost  
Get free

Starving - like a pack of wolves  
We'll live our lives screaming  
No more dead time
