Beautiful You are, the way you are to me.  
Shame that he can't see, how love's supposed to be  
He never buys you things  
He never wears his ring  
When he says he is on the way, He walks in two or three  
hours late  
It's time you hear the true about it and girl you can't go  
on without it.  
Don't ever doubt yourself again cause everybody sees  
you are

Chorus:

Beautiful girl rest assure that you are  
A Beautiful girl and you are by far  
The things that he says he says to tear you apart  
Beautiful lady, Beautiful girl  
He knows that you are that's why he tell you you're not  
Wants you to believe he's all you've got  
Your low self-esteem helps secure his spot  
Beautiful lady, Beautiful girl.

You can't always believe what your loved ones say,  
cause it very well may be they never want you to go  
away.  
He tells you your not it.  
He tells you your not fit.  
He says you can't support yourself unless you have his  
help.

It's time you know the truth about it.  
Girl you can't go on without it.  
Don't ever doubt yourself again cause everybody sees  
you are

Beautiful girl rest assure that you are

A Beautiful girl and you are by far  
The things that he says he says to tear you apart  
Beautiful lady, Beautiful girl  
He knows that you are, that's why he tell you you're not  
Wants you to believe he's all you've got  
Your low self-esteem helps secure his spot (girl)

Beautiful lady Beautiful girl

I hope I'm not offending you with what I had to say  
So I'm careful of the things I say  
Cause I can't let you stay in this pain another day.

Beautiful girl (ooooh beautiful girl)rest assure that you  
are (yeah yeah)  
A Beautiful girl and you are by far (sing it)

Beautiful girl rest assure that you are (yes you are)  
A Beautiful girl (yes you are)and you are by far (you are
