Ooua

Come on
National anthem, wassup?

Yeah

Bilingual for you, baby
Oui si, yeah
Yeah

Come on

Yeah

Feelin' like one of dem days
Goin' shoppin'
Buy my own things
Celebrate

Makin' my fun
Don't need him givin' me none
Call my girls
Getcha own dough
Spend ya own dough

Tell him fo sho
Let him know
You doin' ya own thang
You don't need nothin'

Hold up, wait a minute, all my girls
Say yeah
Gotta cha own Benjamins in the bank
Say yeah

Don't need no man, know ya hot
Say yeah
Earned all that cha got don't stop
Say yeah

Hold up, wait a minute, where's my Mercedes?

Say yeah
Pushin' the chromed out champagned Mercedes
Yeah

Low key, eyes drop, girl make 'em think
Yeah
Hold ya own, stay strong and make it big
Yeah

Show them just
How you get down
Wrist on freeze
Toting ice box
Rollin' now

Me and my crew
20 inch blades
Double R gots
It's your life

Run your own game
Know your own game
Live your own game
Let them know you doing your thing
And you don't need nothing

Hold up, wait a minute, all my girls
Say yeah
Gotta cha own Benjamins in the bank
Say yeah

Don't need no man, know ya hot
Say yeah
Earned all that cha got don't stop
Say yeah

Hold up, wait a minute, where's my Mercedes?
Say yeah
Pushin' the chromed out champagned Mercedes
Yeah

Low key, eyes drop, girl make 'em think
Yeah
Hold ya own, stay strong and make it big
Yeah

I don't need nobody but myself
I can stand on my own, on my own
Baby, I don't need nobody but myself
I can stand on my own, on my own

Uh, uh, uh, yeah, hold up, c'mon
Listen up playboy, I'm like the pick of the litter
And if I wanna cop it from what shines and glitters
I do it all from my bills to toys in the mall

And I ain't sayin' I'm perfect
But there ain't too many flaws, dawg
Don't get offended
'Cause I'm livin' happily

And just 'cause I got it
Don't mean you can't pamper me
Accept gifts but that don't put a stamp on me
Feel me, baby, on it wit' BC and Jerzee, yeah

Hold up, wait a minute, all my girls
Say yeah
Gotta cha own Benjamins in the bank
Say yeah

Don't need no man, know ya hot
Say yeah
Earned all that cha got don't stop
Say yeah

Hold up, wait a minute, where's my Mercedes?
Say yeah
Pushin' the chromed out champagned Mercedes
Yeah

Low key, eyes drop, girl make 'em think
Yeah
Hold ya own, stay strong and make it big
Yeah

I don't need nobody but myself
I can stand on my own, on my own
Baby, I don't need nobody but myself
I can stand on my own, on my own

Say yeah
Say yeah
Say yeah
