Play, turn up in my ear just a tad bit

Baby, who got you twisted  
In a way that chu be missin'?  
The love that we share  
The time that was rare

Sex drive at 50  
As we swerve on them shorties  
Goin' through red lights  
Baby, ain't that funny?

Now I ask you  
Now I need you  
Before you know it  
Ya girlfriends tryna reach you

Am I twisted?  
'Cause you is my mistress  
Good and all  
'Cause you be always there  
When I call

Your love has got  
Me twisted, yeah baby  
I will admit it, ooh  
The way I feel  
When I'm with you  
So every day of my life  
It feels like paradise

I can feel your footsteps in the wind  
I can smell your scent every now and then  
I can walk to a certain place  
And swore I just saw your face

I know you say that you care  
Even though you're never there  
Boy, I swear I can taste your love in the air

Baby, who got you twisted?

Your love has got  
Me twisted, yeah baby  
I will admit it, ooh  
The way I feel  
When I'm with you  
So every day of my life  
It feels like paradise

I know you say the things I do  
Aren't always right for you  
But I confess my love is true  
'Cause my love is only for you

I know you say that chu care  
Even though you're never there  
Boy, I swear I can taste your love in the air  
Yeah, yeah, yeah

That's just the way it is  
When you fall in love the right way  
Don't let this go and be on your own  
'Cause I won't settle for nobody else

Baby, who got you twisted?

Your love has got  
Me twisted, yeah baby  
I will admit it, ooh  
The way I feel  
When I'm with you  
So every day of my life  
It feels like paradise

See everyday of my life  
Without you is critical  
I'm gettin' confused  
I'm starting to lose my mind

Remember the times  
We rived in the Porsche  
When the police and ended up  
Sexin' on the beach?

Them was good times  
And good livin'  
Even the Lord is forgivin'  
You can forgive the Ru for forbidden

My heart to get involved wit' it  
Just so cold  
I need you to warm my soul

Before I'm twisted

Your love has got  
Me twisted, yeah baby  
I will admit it, ooh  
The way I feel  
When I'm with you  
So every day of my life  
It feels like paradise
