Rats! Turncoats and dead end friends  
Self-centres and traitors  
That will just try to break you and leave you

Rats! Cold fakes, black hearts  
Sh\*t talkers that have no end  
Low-lifers and haters  
On a cycle to nowhere who don't care  
There's a special place in hell for people like you  
There's a special place in hell for all the sh\*t you've  
done

Rats! I'm sick and tired of getting f\*cked with  
Nobody's lacking examples  
So never think it's just you  
Because it's us too

Rats! Never quit, never change  
World over they're all the same  
We're unified in our hatred  
That is the reason I wrote this

There's a special place in hell for people like you  
There's a special place in hell for all the sh\*t you've  
done  
There's a special place in hell for people like you  
There's a special place in hell for every filthy rat

I'm counting down the days  
I'm counting down the days 'til every rat has burned  
I'm counting down the days  
I'm counting down the days 'til every rat has burned in  
hell

There's a special place in hell for people like you  
There's a special place in hell for all the sh\*t you've  
done  
There's a special place in hell for people like you  
There's a special place in hell for every filthy rat  
There's a special place in hell for motherf\*ckers like  
you

There's a special place in hell for every filthy rat!
