Cold as I am
I'm just doing my best
The best that I can
I'm just needing some rest
The rest I know I've needed much too much

Can you help me
Pulling me down
Save my soul
Pulling me down
It drags me down
I can't take this hurt

Oh and I'm so tired
One of these days
Oh and I'm so tired
Sleep this away

Suffered this far
Might as well just suffer some more
The more that I take
You know the further I'll fall
Eyes to the sky
I've got my eyes to the sky
One last day so I can end with the night

Can you help me
Pulling me down
Save my soul
Pulling me down, down, down
It's dragging me down, down, down
I can't take this hurt

Oh and I'm so tired
Oh and I'm so tired
Oh and I'm so tired
One of these days
Oh and I'm so tired
Sleep this away
One of these days
Sleep this away
One of these days

Sleep this away
(I'll sleep)
I'll sleep this away
(I'll sleep)
I'll sleep this away
(I'll sleep)
I'll sleep this away
