Held all within these flesh walls  
Pair of dice and domino  
Seven fingers and thirteen toes  
Wind her up and watch her go  
Spin her out of dust into rock and fire  
Oh holy water  
Throw her to the earth through the burning air  
Oh bang survivor

And now you've gotta get it with what you've got  
With what you've been given or not  
Now you've gotta get it with what you've got  
With what you've been given or not  
I was born to

Held all within these flesh walls  
Envelopes and time capsules  
Mark her fingers and mark her throat  
Spin her round and let her go  
Send her like a cup to her mother's table  
Swallow, drink the water  
Watch her play her part in a long fixed fable  
Oh as her father's daughter

And now you've gotta get it with what you've got  
With what you've been given or not  
Now you've gotta get it with what you've got  
With what you've been given or not  
I was born to, I was born to  
I was born to, I was born to

Through the burning air  
Through the burning air

And now you've gotta get it with what you've got  
With what you've been given or not  
Now you've gotta get it with what you've got  
With what you've been given or not  
I was born to, I was born to  
I was born to, I was born to  
I was born
