Winter's dark morning woke my dad  
The diabetic didn't feel his feet step out of bed  
The truck filled with TV dinners  
Needing delivering round town  
He would drive behind the paper boy throwin' them  
headlines out

And no antidepressant of sort  
Could change the weather report  
When the wind chill factor was high he took the whole  
bottle down  
He's got his paperwork now

DNR, DNR, DNR  
DNR, DNR, DNR

Jesus wants me for a sunbeam, he raised his kids up  
right  
But being raised in the light of Christ adds insult to  
injury that night  
When the mail order brides and the phone sex and his  
negligence became real  
The wall covered in spit how's it to make your teenage  
daughters feel

He called his flame that never died  
She could hear something weren't right  
Now we've got one more failed attempt at a suicide  
Keep it right by your side

DNR  
By no heroic measure  
DNR  
Restart restart his heart  
DNR, DNR, DNR, DNR

A lonely heart was the black hole that did him in  
From the first attempt to his current critical condition  
Now we're talking over who will take the dog if he's  
gonna make it through again  
And we're taking turns tell him the stories of the

good times worth remembering  
And then my sister asked  
Are we praying for him to pass  
And no one dared speak out loud but we all knew  
And pushed the paperwork through

DNR  
By no heroic measure  
DNR  
Restart restart his heart  
DNR, DNR, DNR  
DNR, DNR, DNR  
DNR, DN
