And there's a light switch baby you turned it on
Don't you ever leave me here in the dark
And there's a red room deep in my house
You come and meet me and I'll lay down a feast of the
heart

And there's a light switch baby you turned it on
Don't you ever leave me here in the dark
And there's a red room deep in my house
You come and meet me and I'll lay down a feast of the
heart

'Cause your skin's medicine,
I wanna wear it on, wanna wear it on me
and who's owed reverence
until we become one with god ?
Your beautiful body
I want more, more
Hold it up on me 'cause
I'm yours

I wanna eat my heart
Boy you make me feel
Wanna eat my heart
Boy you make me feel
Wanna be your blood
Boy you make me feel
Wanna be your blood
Boy you make me feel

And there's a light switch baby you turned it on
Don't you ever leave me here in the dark
And there's a red room deep in my house
You come and meet me and I'll lay down a feast of the
heart

And there's a light switch baby you turned it on
Don't you ever leave me here in the dark
And there's a red room deep in my house
You come and meet me and I'll lay down a feast of the
heart

'Cause i'm your kissy-kiss
Your intimating pleasure mission
Who'sÂ ? all the bliss 'til we become one with godÂ ?
Your beautiful body
I want more more
Hold it upon me 'cause
I'm yours, yours, yours, yours

I wanna eat my heart
Boy you make me feel
Wanna eat my heart
Boy you make me feel
Wanna be your blood
Boy you make me feel
Wanna be your blood
Boy you make me feel

Wanna eat my heart
Boy you make me feel
Wanna eat my heart
Boy you make me feel
Wanna be your blood
Boy you make me feel
Wanna be your blood
Boy you make me feel

Wanna eat my heart
Boy you make me feel
Wanna eat my heart
Boy you make me feel
Wanna be your blood
Boy you make me feel
Wanna be your blood
Boy you make me feel

'Cause i'm your kissy-kiss
Your intimating pleasure mission
Who'sÂ ? all the bliss 'til we become one with godÂ ?
