Breath in for \_\_\_\_\_  
Breath in so deep  
This air is blesses you share with me  
This night is wild so calm and dull  
These hearts they race from self control  
Your Legs Are Smooth As They Graze mine we're doing  
fine were doing nothing at all

[Chorus]  
My hopes are so high that you kiss might kill me so why  
dont you kill me so i die happy  
My heart is yours to fill or burst  
To break or bury to wear as jewellery whichever you  
prefer

These words are harsh lets not get busted  
Just lay intertwined here undiscovered  
Safe in here from all the stupid questions  
Hey did you get some  
Man that is so dumb  
Stay quiet stay here stay close they cant here  
So we can get some

[chorus]
