Ladies & Gentleman  
I'd like for y'all to give it up for  
President-elect Barack Obama!

I never thought that this day would happen  
So take solice in the words that I'm rappin'  
8 years is way too long, we fed up  
They need to fess up, their system's messed up  
So givin' the chance, America stepped up  
And took part in this historic election  
We came together and appointed the truest  
Anyone votin' McCain, man was clueless  
So in comes the dawning of a new era  
And Barack Obama's the torch bearer  
The ballots were filled out ? All the votes came in  
It's about damn time that we win!  
We ready to work for the right cause  
I do the right thing and never vote right wing  
Lightning strikes ? the thunder claps  
Even god knows Obama's the man

Momumentous! Monumental!  
This is one of those moments in history  
The inks ready to illustrate the pages  
His story will be one for the ages

His story will be one for the ages

We movin' forward cuz we learnt from the past  
The U.S. ain't goin' out like that  
Lost our faith, now it's time to bring it back  
Let the good times roll and let the good times last  
Who said one vote couldn't make a difference  
Some people said, "Why bother?" ? indifferent  
If you didn't vote, you can't complain  
About the next 4 years, man, we runnin' the game  
Makin' our rules ? givin' us tools to live by  
So don't slouch ? be proud & sit high

I'm down to ride and y'all can come with  
If you're true to the game ? my seat is your fit  
He's the chosen one, so we the chosen one's  
Now we takin' over, now we number one  
To me, his values are the ones  
Fathers pass down to their daughters and sons

Upstanding! Outstanding!  
This is one of those moments in history  
Time will tell if Barack's the greatest  
Strong words, but Obama's a savior
