Holding on until last call  
I've been waiting for my alcohol

Balance myself against the wall  
Debate making my 9th last call

Cause I don't want to use it  
I just want to get some sleep tonight  
I feel like I might lose it

The footing here's on shaky ground  
I need the traction that you've found

My dirty mind just let me down  
It's such a wash this time around

Cause I don't want to use it  
I just want to get some sleep tonight  
I feel like I might lose it

Cause it's you that I've been dreaming of  
Yeah its you that I've been dreaming of  
Like broken hearts that wish on stars above  
Yeah its you that I've been dreaming of

I've been waiting for this all to fade away  
I've been debating now if I should try and change  
To help me piece this puzzle back in place  
I think I said the words I'd never say

Wait, it's so late  
I need help to fix this feeling on the inside  
But you know, you can't go  
I need help to break this feeling on the outside  
Looking in  
Where to begin?

Cause it's you that I've been dreaming of  
Yeah its you that I've been dreaming of  
Like broken hearts that wish on stars above  
Yeah its you that I've been dreaming of
