I am often trying on the inside  
and you are sometimes waiting for the plan  
but don't wait cause I don't mind  
if you won't understand

I am trying hard to change the subject  
Its subject to change anyway  
God this is fun to play  
Said the things you'd never say  
I know that you're not right  
There's little chance that you'll be wrong tonight

Sick jokes, quick pokes help to keep this all together  
So late, long skate I guess could do a few things better  
Let's go  
I'll try and show you things that I don't know

You are trying hard to weigh the issues  
But I don't see an issue with the weight  
You used to be right on time  
Its the second time your late

I am often sitting on my laurels  
while you are busy making stands  
none of this was planned  
I could lend you a hand  
Don't know it feels so right  
I think that I can finally sleep tonight

sick jokes, quick pokes help to keep this all together  
So late, long skate I guess could do a few things better  
Lets go  
I'll try and show you things that I don't know

Waste not want not some things you got by always  
being you  
Come in begin I can't find sin reacting like we do  
Everyone knows this is true

I am often trying on the inside  
and you are sometimes waiting for the plan  
but don't wait cause I don't mind

if you won't understand

I am trying hard to change the subject  
Its subject to change anyway  
God this is fun to play  
Said the things you'd never say  
I know that you're not right  
There's little chance that you'll be wrong tonight  
You know that you're not right
