"Daddy Issues"

You should have listened.
To what your mother said.
Fucking around with guys like me.
You might end up dead.
and I'm sorry that your daddy hurt you.
but Don't take that shit out on me.
Go on and feel sorry for your little self.
I'm all out of sympathy.
Your daddy issues are draining me.
Why don't you fucking grow up.
Put on your big girl panties.
and I'm sorry that your daddy hurt you.
but Don't lay that fucking shit on me.
Go on and feel sorry for your little self.
I'm all out of sympathy.
Why the fuck did you pick me.
When all you wanted was your daddy.
Why the fuck did you pick me.
When all you wanted was another daddy.
