demonic angel opens up her wings deep inside of me  
(show me how to die)  
demonic angel tells me all these things but she lies to  
me  
(someone save my life)  
i cant explain the things that tear my world apart  
when she is near to me  
she is so dear to me  
i cant sustain the pain and emptiness she brings  
in her hollow eyes  
the one thing she cant hide  
i cant do this  
i cant take it  
no one is real  
all of you fake it  
no reasons left for me to try  
i cant do this  
i cant take it  
no one is real  
all of you fake it  
no tears are left for me to cry  
goodbye  
i'll blow my brains into the sky  
demonic angel opens up her wings deep inside of me  
(show me how to die)  
demonic angel tells me all these things but she lies to  
me  
(someone save my life)  
when will she come again  
love is like a shallow grave  
when the rains come  
it gets washed away  
when will she come again  
the shadows on her face  
cover up the scars  
'cause love is war  
i cant do this  
i cant take it  
no one is real  
all of you fake it  
no tears are left for me to cry  
goodbye

i'll blow my brains into the sky  
demonic angel opens up her wings deep inside of me  
(show me how to die)  
demonic angel tells me all these things but she lies to  
me  
(someone save my life)  
i cant explain the things that tear my world apart  
when she is near to me  
she is so dear to me  
i cant sustain the pain and emptiness she brings  
in her hollow eyes  
the one thing she cant hide
