theres alot of really pretty girls that are gonna sleep in
graves tonight
i dont think theyll mind
no i dont think theyll mind
theres alot of really stupid fucks gonna get in my way
tonight
or at least theyll try
but i think theyll die

i grab the baby from its mothers arms by the ankles
and take a swing
bash its little skull
i want its mom to see
i often ask myself why i do such awful things
then it occurs to me
that i was born free

theres alot of really pretty girls gonna sleep in graves
tonight
i dont think they mind
know i dont think they mind
theres alot of really stupid fucks gonna get in my way
tonight
or at least theyll try
but i think theyll die

if i dig a hole for you
then to fill it would be the least you could do

your so pretty
so motherfucking pretty
you are pretty dead
