Revenge.
No love.
Just mad enough to fuck you up.
and all the teardrops in this fucking world.
Won't wash your bloodstains off the ground.
When I cut you down.
I will cut you down.
Your eyes look so surprised when you feel the knife.
Deep inside.
Your eyes look so surprised when you feel the knife.
Deep, deep down inside.
Revenge.
No love.
Just mad enough to fuck you up.
and all the teardrops in this fucking world.
Won't wash your bloodstains off the ground.
When I cut you down.
I will cut you down.
Your eyes look so surprised when you feel the knife.
Deep inside.
Your eyes look so surprised when you feel the knife.
Deep, deep down inside.
Revenge.
No love.
Just mad enough to fuck you up.
Revenge.
No love.
Feel the knife inside you.
You fucking cunt.
