Visit "[The Torture Throne](#)" on MotoLyrics.com

i will sit here on this torture throne
all my love
all my hate
all alone
and i will sit here with these hells ive shown
all my life
all my death
all my own
so many people spend their hate on me
wastes of time
beyond the veil are things they just cant see
but i dont mind
so i will sit here on this torture throne
all my love
all my hate
all alone
and i will sit here with these hells ive shown
all my life
all my death
all my own
so many people spend their hate on me
wastes of life
beyond the veil are things they just cant see
but i dont mind
we all will die
