Visit "[Guess Who](#)" on MotoLyrics.com

Someone really loves you
Guess who, guess who
Someone really cares
Guess who, guess who

Open your heart
Surely then you'll see
That someone who cares is me

Someone weeps eternally
Guess who
Someone who wants your love
Desperately, guess who

Open your heart
Surely then you'll see
That someone who cares is me

Someone really
Loves you, guess who
Someone really cares
Guess, guess who

Open up your heart
Surely then you'll see
That someone who cares is me
