Look me in the eye and tell me what you see
You're not what you thought I be
Take one look and turn away
Telling me that you're afraid
Afraid to give
Afraid to take
Afraid you've made a big mistake
Prove yourself love isn't real
You can't face the way you feel

Well if you want this love
You're gonna have to fight for it
What makes you think
That you can walk away from it?
Darling, you can't give in and you can't give up on it
You're gonna have to fight for it

Every time I tell you how much I care
You say it's not enough
To get you there
But I can't go on tryin' to read your mind
I've got to know if we can find
A way to live with who we are
A way to make another start
So take your choice, go take a chance
Do you need me, or just romance?

If you wan't this love
You're gonna have to fight for it
Tell me, what makes you think
That you can walk away from it?
You can't give in and you can't give up on it
You're gonna have to fight for it

Well if you wan't this love
You're gonna have to fight for it
Tell me, What makes you think
That you can walk away from it?
Darling, you can't give in and you can't give up on it
You're gonna have to fight for it
Fight and fight and fight
