Once in a while I think about it
Think about what you said
Late in haze of night into morning
With eyes turning to red
All my life I waited to see an omen of the good kind
All my life I listened and heard the thunder as it rose
behind
Now even a smile, even the sunshine
Don't cease to seem unreal
But with a kiss late in the darkness
I know how I used to feel
All my life I waited to see an omen of the good kind
All my life I listened and heard the thunder as it rose
behind
On you and I
I don't see any reason to stay here
I don't see any way out right now
When can a smile, when will the sunshine
Not cease to seem unreal?
It's with a kiss late in the darkness
You feel how you used to feel
All my life I waited to see an omen of the good kind
All my life I listened and heard the thunder as it rose
behind
On you and I
