One day Iâ€™ll find you
But now you hide
Itâ€™s far I know
As the crow flies
As the river flows
But I need you tonight
Weâ€™ll walk together
At eventide
Itâ€™s far I know
As the crow flies
As the river flows
But I need you tonight
I wonâ€™t ask any question
Thatâ€™s been bothering me so
It stands to reason
Weâ€™ll walk in stride
Itâ€™s far I know
As the crow flies
As the river flows
But I need you tonight
I miss you tonight
I need you tonight
