Listen, Iâ€™ve seen this before  
Listen, Iâ€™ve walked through that door  
But why am I still here today?  
Why have I not gone my way?  
You were lovely, you were kind  
Now youâ€™ve gone and changed your mind  
Is there something that wonâ€™t stray  
In the change from night to day?  
Strange to say at this hour  
That you were all I had  
When everything you gave me  
You have taken back  
Maybe weâ€™re just crooked lines  
I thought we got straight this time  
Dancing through the old arcade  
To the drums of the parade  
Strange to say at this hour  
That you were all I had  
When everything you gave me  
You have taken back  
Vainly I reached out to fly  
Thinking life might pass me by  
End up down along the shore  
Where no one knows me anymore
