"Holding On"

Iâ€™m holding on
Till I make it through
Iâ€™m holding on
Thatâ€™s all I can do
Even if I should go
Even if I know
Iâ€™m holding on
Maybe here in vain
Iâ€™m holding on
Till we meet again
Even if I descend
I will rise again
For the moonlight is still bright
I wouldnâ€™t need hope at all
Just this song
Iâ€™m holding on
For a little while
Iâ€™m holding on
Till I see you smile
Even with miles to go
Miles of darkened road
For the moonlight is still bright
I wouldnâ€™t need hope at all
Just this song
Iâ€™m holding on
Through the wind and rain
Iâ€™m holding on
Till we meet again
