It's already morning
And I haven't slept
There's no use in trying
I just can't forget
I guess you didn't notice
Through your windowpane
Me down in the alley
Standing in the rain
I can't let go
It hurts me so
I can't let go
Someone else's shadow
Moved across your wall
And I still remember
Even as I fall...
Waking up beside you
My arm around your waist
Pulling me in closer
To your sleeping face
I can't let go
It hurts me so
I can't let go
Now my window's dirty
Everything looks grey
Even if it's sunny
I just look away
I just look away
I just look away
