You were other people Iâ€™m never gonna see
Iâ€™m never gonna see
The way you used to be
And I was other people
Youâ€™re never gonna know
Youâ€™re never gonna know
The way I was before
Look down at the picture
And you just have to laugh
It isnâ€™t me itâ€™s just a photograph
Weâ€™ve been other places
I never wanna go
I never wanna go
And feel again so low
Look down at the postcard
And you just have to laugh
That isnâ€™t the West Coast
Itâ€™s just a photograph
Look down at the picture
And you just have to laugh
It isnâ€™t me
Itâ€™s just a photograph
