You watch your footsteps in a dream
You climb a staircase and turn a key
And walk in through the open door
Where you once lived years before
Years before

But then it all goes just as fast
You reach your hand out to touch the past
Touch the past

So don't you look back
Don't you look back
Don't you look back
No more

Cause then a day comes suddenly
When you miss your misery
Like a person you once adored
But who you don't see anymore
Anymore

So don't you look back
Don't you look back
Don't you look back
Don't you look back
Don't you look back
No more
