Take your hand away from your face
Nothing's been lost
Nothing's been lost

And watch your house go up in flames
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost

When you sit counting every wave
Nothing's been lost
Nothing's been lost

And you stare straight out into space
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost
Nothing's been lost
