Once in a while, I think about it
Think about what you said
Late in haze of night into mornin'
With eyes turnin' to red

All my life, I waited
To see an omen of the good kind
All my life, I listened
And heard the thunder as it rose behind

Now even a smile, even the sunshine
Don't cease to seem unreal
But with a kiss late in the darkness
I know how I used to feel

All my life, I waited
To see an omen of the good kind
All my life, I listened
And heard the thunder as it rose behind, on you and I

I don't see any reason
To stay here
I don't see any way out
Right now

When can a smile, when will the sunshine
Not cease to seem unreal?
It's with a kiss, late in the darkness
You feel how you used to feel

All my life, I waited
To see an omen of the good kind
All my life, I listened
And heard the thunder as it rose behind, on you and I
