I don't need that
I don't need that
Keep it under your hat

I don't know when
And I don't know how
I don't need that now

The wind has changed
And turned me 'round
But didn't make any sound

I've moved ahead
And closed that door
And I don't need that no more

I took a taste and lost my sight
There in the blinding light
But it broke me down
And turned me out

And I don't need that
I don't need that
I don't need that now
