Spend my day working hard on the go
But the hands on the clock keep spinning too slow
Cause I can't wait to be alone with my baby tonight
You know my baby's got me wrapped around her little
old finger
Cause she knows that I'd walk through hell and back
just to be with her
Oh I can't wait to be alone with my baby tonight
Turn the lights off
Bar the doors
And we'll leave all the worries of the world behind
Hold me in your arms never let me go
Baby it's true
I got a one track mind
But it's hard to concentrate around a girl like mine
And I can't wait to be alone with my baby tonight
Turn the lights off
Bar the doors
And we'll leave every worry in this world behind
Hold me in your arms never let me go
I'm the kinda guy who likes to get things right so you
won't find me complaining if it takes all night
I can't wait to be alone with my baby tonight
Maybe what we're doing might be wrong
How in the world could we be wrong
Never knew that love could take so long

Never knew that love could take so long
Well I wake up in her arms with the sunlight peaking
through the curtains in my room
And there's just one thing I'm thinking
I can't wait to be alone with my baby tonight
Don't you know I lose my mind when I'm thinking about
being with my baby tonight
Turn the lights off
Bar the doors
And we'll leave every worry in this world behind
Hold me in your arms never let me go
I wake up in her arms with the sunlight peaking through
the curtains in my room
And I swear that all I thinking is
I can't wait to be alone with my baby tonight

You know that I lose my mind when I'm thinking about
being with my baby tonight
I can't wait to be alone with my
Can't wait I can't wait to be alone with my
Oh I can't wait I can't wait to be alone with my baby
tonight I can't wait to be alone with my I
Can't wait I can't wait to be alone with my
Oh I Can't wait I can't wait to be alone with my baby
tonight
Baby tonight Baby tonight Baby tonight
