Keep on trying if you want it
One more time if you want it
I can't believe that you bought it
I can't believe that you can't see through this shit
I've always been crazy more than just a little bit
Deep insde I'm a fucked up little kid
I guess it's plain that I can't hide anything-
It's locked inside so I don't have to think

And it feels like nothing else is working
It feels like nothing else is worth it
It feels like nothing else is working out

Always telling me to stop it
Always been the one to start it
Could have achieved what I wanted
I can't break free when you're pulling me back in
I can't stand and I can't stand losing out
I'm sick and tired of the crap I been turning out
Everybody seems to think that I'm burning out
But I'm just drunk and I can't help falling down

And it feels like nothing else is working
It feels like nothing else is worth it
It feels like nothing else is working out
