Well I've been told that every cloud
Has got a silver lining
But sometimes everything goes wrong
And I can't see the light
At the end of the tunnel
And I may need reminding
It's not the end of the world
When nothing's going my way
There's no doubt
There's no way out
But I can't deny
It gets harder every time

Sometimes it's not that simple
Not so easy to explain
Feels like I've woke up
Feels like I'm alive again
And all I need's an explanation
Someone else to blame
For everything I don't believe
And everything that goes astray
And this
This is my kiss
My kiss of life
And it feel sjust right
But it get harder every time
