Well ain't it funny how nothing seems to turn out how  
you want it  
And it all turns against you in the end  
We couldda been kings yeah we could've had a  
meaning  
But here we are in this mess instead  
We used to talk about it  
We used to laugh out loud  
But I don't think we're gonna laugh again

Strike one- this is just frustration  
Strike two- too much confrontation  
Strike three- you can't say there's been no warning  
This is just the calm before the storm

Well this is really going nowhere and I don't wanna  
point the finger  
But somebody is gonna get the blame  
And unless I'm missing something this is gonna come  
to nothing  
And this time it ain't my fault for a change  
We used to talk about it  
We used to laugh out loud  
But I don't think we're gonna laugh again

Strike one- this is just frustration  
Strike two- too much confrontation  
Strike three- you can't say there's been no warning  
This is just the calm before the storm
