You know I'm pitching a fit
I gott fit to pitch
You know that life's a bitch
Then you are dying to see the other side
So hide in the bushes, hide in the bushes
Watch me flip 'em off
I'm losing my mind
I think I'm gonna see what I can find
On the upside of the downside
It's a slow ride
But at least I'm going somewhere
I'm losing my mind my friend
If you can find it
I never want it back again
And again and again you
Now I just have to grin
Cause you ain't never gonna get no
Blood from that turnip
So just turn up the god damn radio
And make your mama beg
Make your mama beg for forgiveness
I'm losing my mind
I think I'm gonna see what I can find

On the upside of the downside
It's a slow ride
But at least I'm going somewhere
I'm losing my mind my friend
If you can find it
I never want it back again
I never want it back again
I crawled outside my pigeonhole
My loss of mind has set me free
My lost of mind has set me free
And in my open hands
I hold and open mind
In my open hands, yea
I'm losing my mind
I think I'm gonna see what I can find
On the upside of the downside
It's a slow ride
But at least I'm going somewhere

I am losing my mind
I am losing my mind
I'm losing my mind my friend
I'm losing it
