Now I stand alone
Everything is off my back
Except everything I won
Walking out through that door
Left me with nothing more
Nothing more than a second chance
It's a long long road
And then another town
As I try to get a leg up
As they push me down
Whether it was now or then
On and on again and again
Ew there's that second chance
You only get one second chance
All I need is a second chance
Cause you have failed to convince me

That I'm all I'll ever be
And you have failed to convince me
That I'm going down
But if I'm going down I'm taking you with me
Aaaaaa nothing more than a second chance
Only get on second chance
All I need is a second chance
On my way way
But I know that the sun don't shine
On the sam dog's ass everyday
Ew there's a second chance
All you need is a second chance
You only get one second chance
You have to take a second chance
