I feel I'm gonna cry  
And I don't know why  
I feel I'm gonna laugh, oh my baby  
So deep inside

Bella, you came into my life, stole my heart  
In the middle of the night  
When your little soul entered this big, wide world  
And started to cry, tears fell from my eyes  
Yes, they did, now

Bella Bella, I thank God everyday for you  
Your shiny eyes & your precious lips, your smile, too  
Bella Bella, there's just one thing I want you to know  
Papa loves you from your head down to your little toes

I used to run & hide  
Never living my life  
Love I would deny, baby  
For fears so deep inside

You brought a whole new ray of sunshine into my life,  
baby girl  
Material things became so unimportant  
You melted ice from my heart, baby, let me love again  
Now my war has come to an end

Bella Bella, eyes of wisdom, full of grace  
Your precious smile can breeze me through my  
roughest days  
Bella Bella, angels kiss you while you're sleeping  
Bella Bella, you're so special to me

I could not pick a more precious sweet baby  
If God even gave a choice  
I remember talking to you through your mama's tum  
Even then, girl, I know you were my special one

Bella Bella, I thank God everyday for you  
Your shiny eyes & your precious lips, your smile, too  
Bella Bella, there's just one thing I want you to know  
Papa loves you from your head down to your little toes
