Everytime I see you baby
I think you're all aflame
Everywhere I see you darlin'
Girl you are so vain
When you're talkin' tough & sassy
Sexy all the time
I just want to kiss your red lips
Girl you blow my mind

Because I'm love struck
Love struck
Said over you, oh
Everybody knows I am
Everybody
Love struck
You know I
Love struck
Over you

Everytime I think I need you
You're busy on the line
Everybody says they want you
Makes me so uptight
On my knees I try to tell you
Love is not a game
Now you're all decked out in high heels
You drive me so insane

Horns!
I think I want you babe

When I think I see you coming
Baby you disappear
With your brand of favorite lipstick
A star you are my dear
If I whisper in your ear, love
And dance into the night
'Cause you know I want your love
Do you all the time

Because I'm love struck
Love struck

Said over you, oh
Everybody knows I am
Everybody
Love struck
You know I
Love struck
Over you

Everytime I try to picture you with someone new
It can never be done
I guess you think that I'm just some kind of fool baby
But let me tell you
Don't you know, you are the one

Love struck
Love struck
Everybody knows I am
Love struck
Love struck
Oh oh baby

Everytime I see you baby
I think you're on my thang
Everywhere I see you darlin'
Girl you are so vain
When you're talkin' tough & sassy
Sexy all the time
I just want to kiss your red lips
Girl you blow my mind

Love struck
Love struck
Everybody knows I am
Love struck
Love struck
Said over you
