[Verse 1]

I could tell by the look in her eyes
Maybe I'm just another one of her lies
'Cause I know we've been through this so many times
Still I'm here though I'm burning up inside

[Chorus:]

And I try to walk away but I keep telling myself
She's the one for me
'Cause her love is so contagious
It keeps pulling me in
We were meant to be
And I can't leave her
So, we're right back in the water

[Verse 2]

I could tell by the look in her eyes
All my friends keep telling me now's the time
But I know
Just the notion saying goodbye
Breaks my heart it tears me up inside

[Chorus]

And I try to walk away but I keep telling myself
She's the one for me
'Cause her love is so contagious
It keeps pulling me in
We were meant to be
And I can't leave her

[Bridge]

So, we're right back singing
Ooooh, ooooh c'mon, ooooh, ooooh c'mon
I wanna walk but there is something that won't let me
Singing, ooooh, ooooh c'mon, ooooh, ooooh c'mon
She's the one that's always there

[Half of Verse 1]

I could tell by the look in her eyes
Maybe I'm just another one of her lies

[Chorus]
And I try to walk away but I keep telling myself
She's the one for me
'Cause her love is so contagious
It keeps pulling me in
We were meant to be
And I can't leave her
So, we're right back in the water
Ooh-oooh-oooh-oooh
Right back in the water
Yeah
